INCIDENT: Fuel Spill DATE OCCURRED: DATE REPORTED: 11-23-91
TIME OCCURRED: TIME REPORTED: 1735

LOCATION(S) OF OCCURRENCE:

Airport Fuel Farm

REPORTED BY:

Wings Aloft

PHONE NO(S):

SUMMARY:

Used cejer mix and a tank of water from FD2 on an approx. 155 gal. avgas fuel spill at above location. Most of the fuel went down drain at fuel farm. The Wings Aloft lineman that was fueling their truck, John Benisch said the auto shutoff did not work, and it was when he heard a noise coming from the right side of the truck and investigated finding fuel coming from the side by meter, (overflow?).

Mr. Benisch was advised to get fuel truck checked out before refueling.
